

A technical line drawing of a long, thin mechanical component, possibly a shaft or rod. The component is oriented diagonally from the bottom-left to the top-right. At the bottom-left end, there is a 90-degree bend, with a small arc indicating the angle. At the top-right end, there is a flange or mounting bracket structure, consisting of a rectangular base with a central circular feature, possibly a hole or a pin. The drawing is composed of simple black lines on a white background.
